EXPERIENCE

Zellous Design | 2015 - Present

Remote | Front-End UI/UX

After five years of being an in-house designer and freelancing on the side, I started working at my own web design company full-time.

Omni Online | 2013 - Present

Remote | Co-Founder / Front-End

A couple years after graduation, my classmate Matt Steele and I joined forces founding Omni Online LLC. Matt is a back-end developer and I'm a UI designer. Together we've built websites, an iOS game, and are working on a web app.

Infolinx | 2010 - 2015

Kensington, MD | Media and Graphics Designer

The summer before graduating, Infolinx hired me to redesign their web app. After graduating, they hired me full time and I had the opportunity work on many print and web based marketing projects.

EDUCATION

B.S. Web Technology and Design

Liberty University | 2008 - 2011

SKILLS

Illustrator - Design UIs

CSS / SCSS - Bring designs to life
